Product information: The Cycle Shelters are made with a mild steel frame and are Plate Mounted Bolt down. The Eco Cycle Shelter is very easy to assemble and is delivered flat pack. The shelter is lightweight yet robust and being galvanised will give maximum protection from rust for many years. This is a full size shelter and will take up to 12 adult cycles. The assembly is very straight forward. The shelters are available in Galvanised finish only however if you want a painted shelter, simply assemble the frame and paint it to the desired colour (leave it to dry) and then fit the sheeting. To hand paint a shelter will only take about 45 minutes.

The Gates are supplied fully built up ready for bolting to Hinges that are already in position

The Cycle Rack is manufactured with 50mm RHS section and is also fully galvanised to BS EN ISO 1461:1999. Complete with flanges for bolting directly to suitable ground surface. Easy to fit and supplied as a self assembly unit, very simple to build up.

To order this product please telephone 01665577022 or email [sales@urbanfab.com](mailto:sales@urbanfab.com). We will need to know the delivery address including post code and how soon you want delivery. The shelter is manufactured in large sections however assembly is a straight forward two person job.

Shelter above shown with 6 hoop rack
